Apple Universal Dock

Using the Apple Universal Dock

Congratulations on purchasing your Apple Universal Dock.

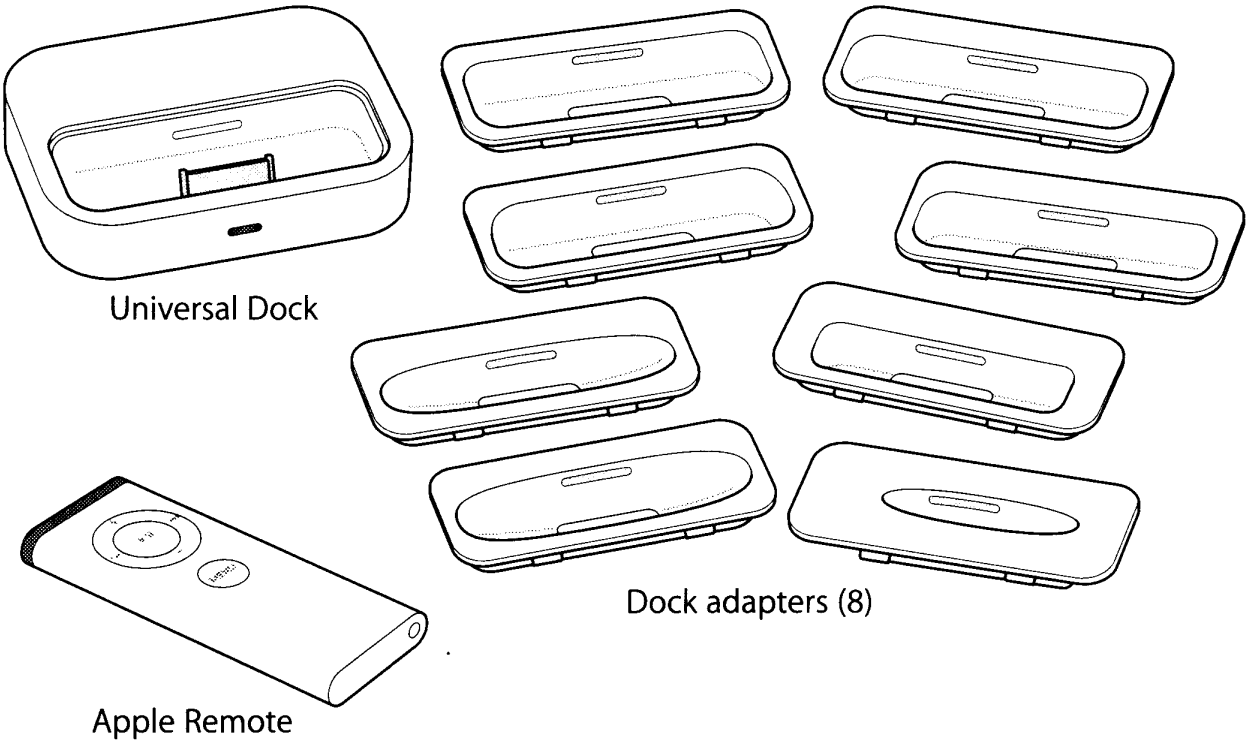
You can use this Dock with iPhone or any iPod that has a Dock connector.

Here are the things you can do with your new Dock:

- Connect the Dock to your computer, and then place your iPod or iPhone in the Dock to charge the battery and sync content from iTunes (page 6).
- Connect the Dock to a power outlet (using a USB Power Adapter, available separately), and then place your iPod or iPhone in the Dock to charge the battery (page 6).
- If you have an iPhone or an iPod that displays photos, display photos on a TV or other video device (using an Apple Composite or Component AV Cable, available separately; page 8).
- If you have an iPhone or an iPod that plays video, display videos on a TV or other video device (using an Apple Composite or Component AV Cable, available separately; page 8).
- Connect the Dock to speakers or a stereo (using an audio cable, available separately) to play music from your iPod or iPhone (page 9).
- Control playback from a distance using the Apple Remote (page 10).

Important: Never force a connector into a port. If the connector and port don't join with reasonable ease, they probably don't match. Make sure that the connector matches the port and that you have positioned the connector correctly in relation to the port.

Your Universal Dock includes the following:

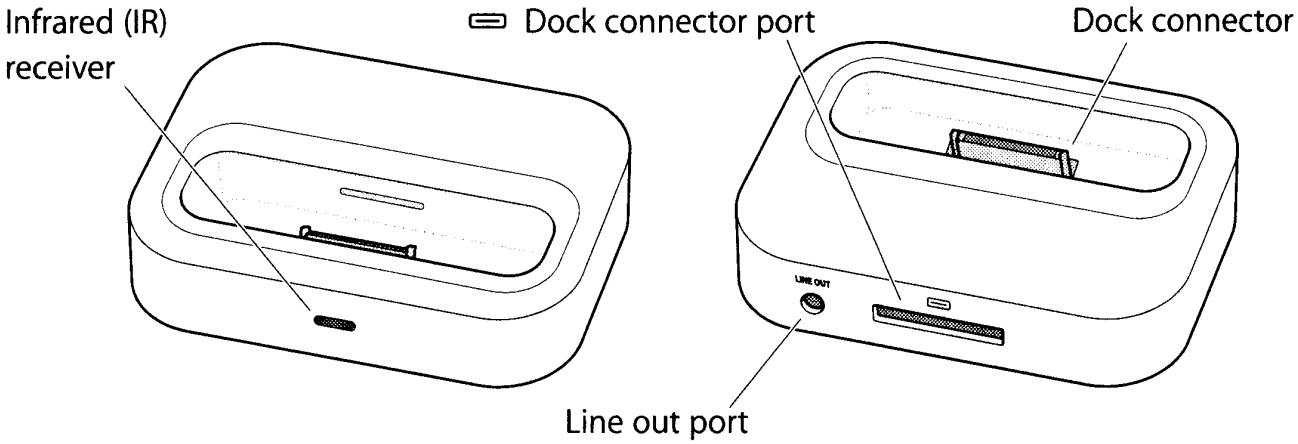


Universal Dock

Dock adapters (8)

Apple Remote

Universal Dock at a Glance

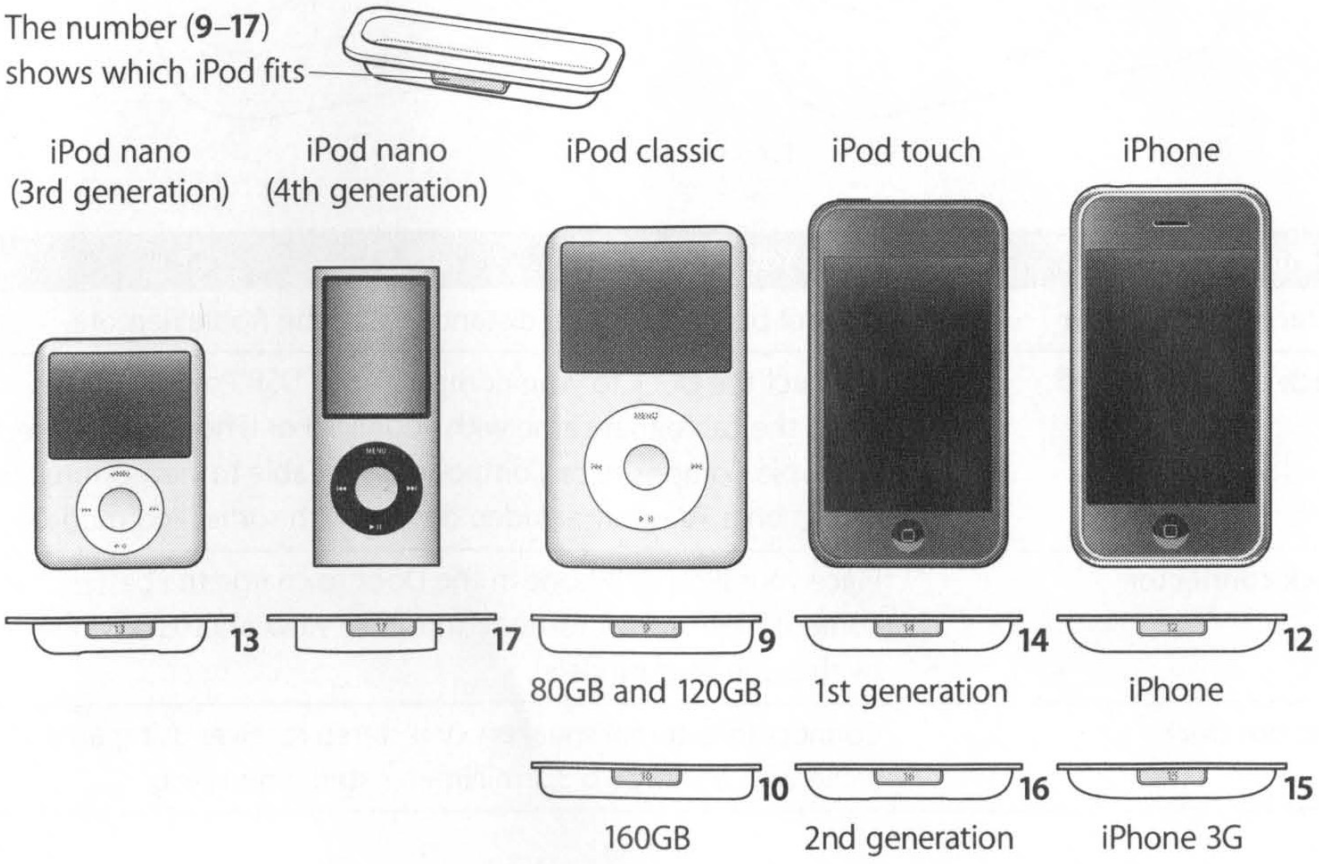


Component	What You Can Do
Infrared (IR) receiver	Control playback from a distance using the Apple Remote.
Dock connector port	Connect the Dock to your computer or a USB Power Adapter using the cable that came with your iPod or iPhone. Or connect an Apple Composite or Component AV Cable to view photos or videos on a TV or other video device (with some iPod models).
Dock connector	Place your iPod or iPhone in the Dock to charge the battery, sync content from iTunes, listen to music, or view photos or videos (with some iPod models).
Line out port	Connect to external speakers or a stereo receiver using an audio cable with a standard 3.5 millimeter stereo miniplug.

To use the Dock with your iPod or iPhone:

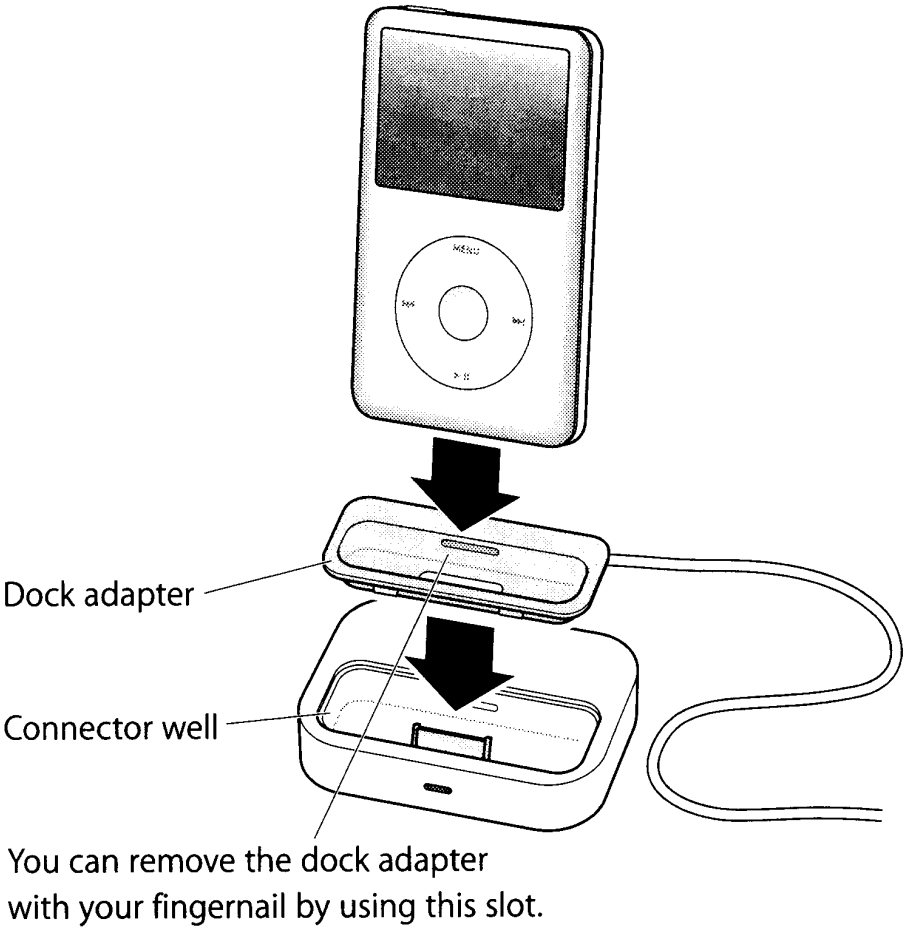
1 Attach the cable included with your iPod or iPhone to your computer or to a USB Power Adapter (sold separately) that's plugged into a power outlet, and connect the other end to the Dock.

2 Choose the adapter that fits your iPod or iPhone. Your iPod or iPhone fits snugly into the correct adapter.



Note: If a dock adapter for your iPod or iPhone model isn't included with your Universal Dock, you can purchase one at www.apple.com/store.

3 Insert the dock adapter into the connector well of your Dock, and then put your iPod or iPhone in the Dock.



If the Dock is connected to your computer and iTunes is set to sync your iPod or iPhone automatically, syncing begins as soon as you put your iPod or iPhone in the Dock.

For more information about syncing content to your iPod or iPhone and using all of its features, see the user guide for your iPod or iPhone.

Viewing Photos and Videos on a TV or Other Video Device

With iPhone and some iPod models, you can use the Dock to view photos on a TV or other video device (such as a digital projector). With iPhone and iPods that have video capability, you can also view videos. The TV or other device must have standard RCA-type connectors that support either composite or component video signals.

To connect the Dock, you need an Apple Composite AV Cable or Component AV Cable. Choose your cable based on the available inputs on your TV or video device. These cables are available separately at www.apple.com/store.

Important: Make sure you enable your iPod or iPhone to send a video signal out to your TV or receiver. For more information, see the user guide for your iPod or iPhone.

Before you begin connecting components, turn down the volume on your iPod or iPhone, turn off iPod or iPhone, and turn off the power to all your components. Make all connections firmly to avoid hum and other noise. For information about avoiding hearing damage, see page 13.

To connect the Dock to your TV, receiver, or video device:

1 Connect the AV Cable to the dock connector port on the Dock and to your TV or video device. See the instructions that came with your AV Cable.

2 Turn on your iPod or iPhone and your TV or video device to start playing.

To display photos or videos on your TV or video device:

- See the user guide for your iPod or iPhone, available on the web at: www.apple.com/support/manuals

Playing Music Through External Speakers or a Stereo

Using the Universal Dock, you can play music from your iPod or iPhone through external speakers or a stereo receiver. You need an audio cable (available separately) with a standard 3.5 millimeter stereo miniplug (many external speakers use this type of cable).

To use your iPod or iPhone with the Dock to play music through speakers or a stereo:

1. Place your iPod or iPhone in the Dock.
2. Connect the speakers or stereo to the Dock line out port.
3. Use the iPod or iPhone controls or the Apple Remote to play music.

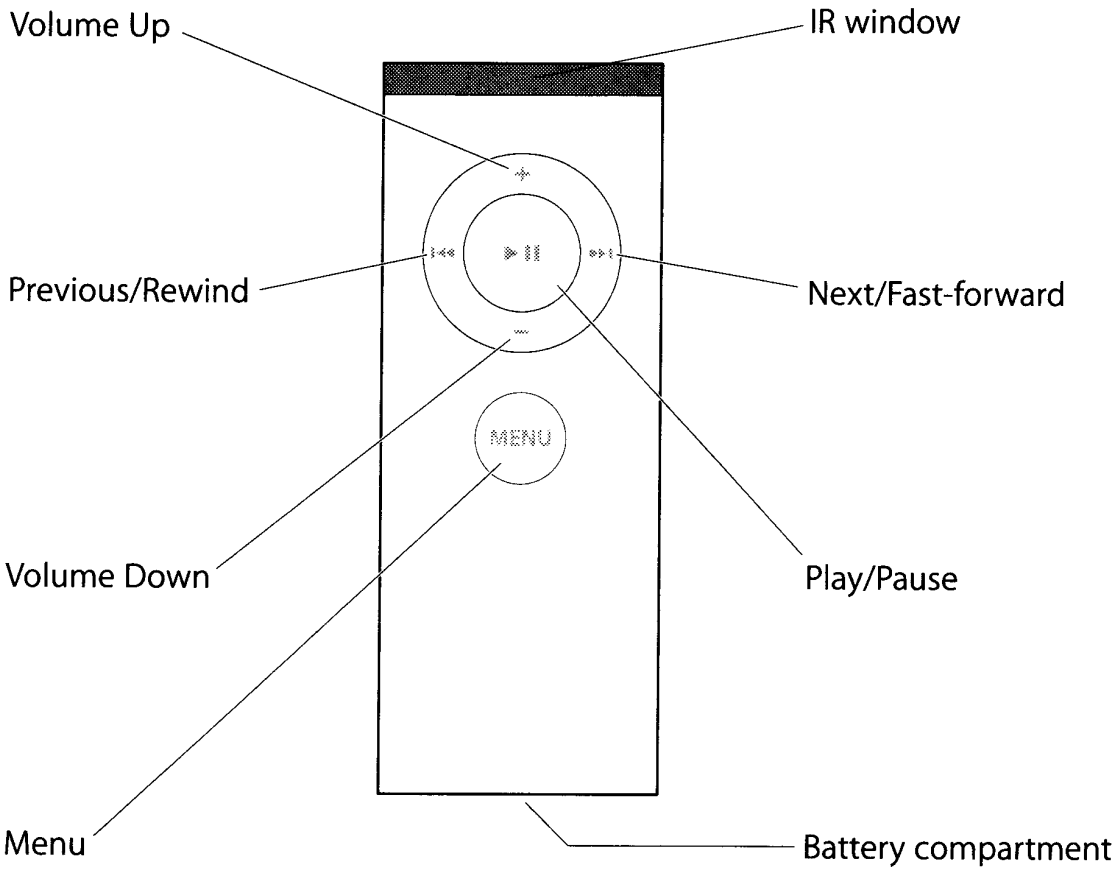
   Use the remote or the volume controls on the speakers or stereo to change the volume. With some iPod models, you can also use the Click Wheel.

   Note: You can play music using your iPod or iPhone in the Dock while the Dock is connected to a power outlet (using the optional USB Power Adapter) or to your computer. If the Dock is connected to your computer, your iPod must not be enabled for disk use. For information about enabling iPod for disk use, see the user guide for your iPod, available on the web at www.apple.com/support/manuals.

   To purchase external speakers or audio cables, go to www.apple.com/store.

Using the Apple Remote

You can use the included infrared (IR) remote to control playback from your iPod or iPhone connected to the Dock. Make sure there are no obstructions between the remote and the Dock.



To use the Apple Remote:

To	Do This
Play or pause a song or video	Press ▶II
Change the volume	Press + or –
Skip to the next song	Press ▶▶I
Start a song or video over or play the previous song	Press I◀◀ once to start a song or video over. Press it twice to play the previous song.
Fast-forward or rewind a song or video	Press and hold ▶▶I or I◀◀

Note: You can't use the remote to choose a different playlist. Use the iPod or iPhone controls instead.

To set the Dock to work with only a particular remote:

The Apple Remote works with other compatible Apple products that have a built-in infrared (IR) receiver. You can pair your Dock to work only with a particular remote, so remotes for your other devices don't affect the Dock.

1 Place your iPod or iPhone in the Dock and press any button on your iPod or iPhone to turn it on.

2 Make sure other products that are compatible with the Apple Remote are out of range or powered off, and then hold the remote close to the IR receiver on the Dock (within 3 to 4 inches or 8 to 10 cm).

3 Press and hold both MENU and ▶▶I on the Apple Remote for about six seconds.

Your Dock now works only with the paired remote.

Note: You may want to pair your other Apple Remote compatible devices with other remotes, so the remote you use with your Dock doesn't affect those devices. See the documentation that came with those devices for instructions.

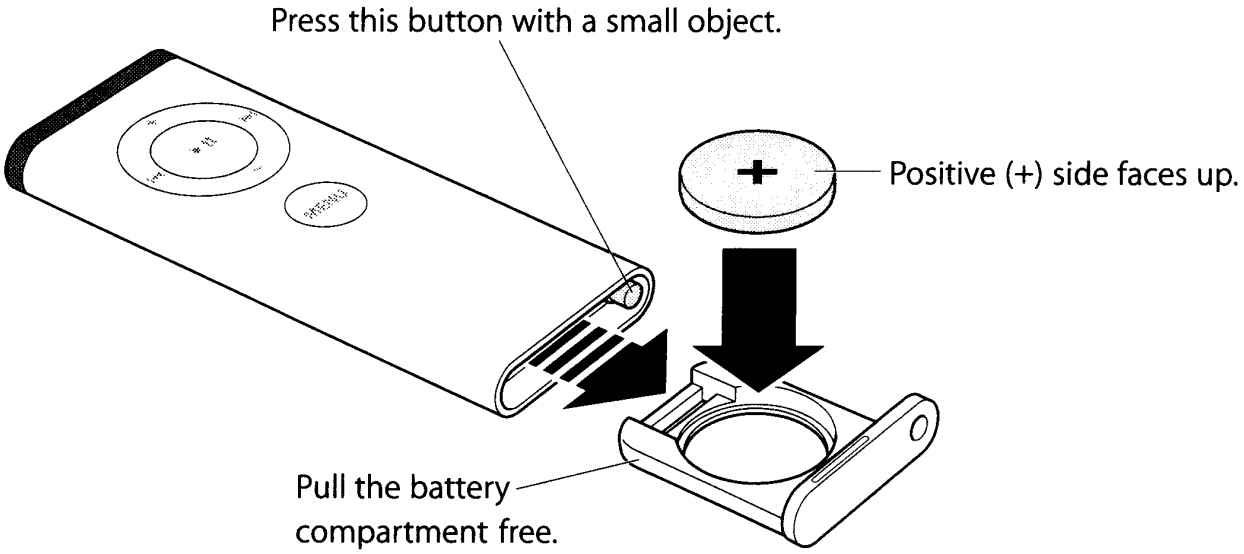
To reset the Dock to work with other Apple Remotes:

- Follow steps 1 and 2 above. Then press and hold both MENU and ⏮ on the Apple Remote for about six seconds.

The Dock now works with any Apple Remote.

To change the battery:

The Apple Remote includes a battery. When needed, you can replace it with a CR2032 battery.



WARNING: There is a risk of explosion if the battery is replaced with an incorrect type. Dispose of used batteries according to your local environmental laws and guidelines.

Important Safety Instructions

WARNING: Failure to follow these safety instructions could result in injury or damage.

Avoid Hearing Damage

Permanent hearing loss may occur if your iPod or iPhone is used at high volume. Set the volume to a safe level. You can adapt over time to a higher volume that may sound normal but can be damaging to your hearing. If you experience ringing in your ears or muffled speech, stop listening and have your hearing checked. The louder the volume, the less time is required before your hearing could be affected. Hearing experts suggest that to protect your hearing:

- Limit the amount of time you listen at high volume.
- Avoid turning up the volume to block out noisy surroundings.
- Turn down the volume if you can't hear people speaking near you.

For information about how to set a maximum volume limit, see the user guide for your iPod or iPhone.

Service and Support

For troubleshooting, service, and support information on iPod or iPhone, the Universal Dock, and the Apple Remote, go to www.apple.com/support.

Regulatory Compliance Information

Compliance Statement

This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. See instructions if interference to radio or television reception is suspected.

L'utilisation de ce dispositif est autorisée seulement aux conditions suivantes: (1) il ne doit pas produire de brouillage et (2) l'utilisateur du dispositif doit être prêt à accepter tout brouillage radioélectrique reçu, même si ce brouillage est susceptible de compromettre le fonctionnement du dispositif.

Radio and Television Interference

This computer equipment generates, uses, and can radiate radio-frequency energy. If it is not installed and used properly—that is, in strict accordance with Apple's instructions—it may cause interference with radio and television reception.

This equipment has been tested and found to comply with the limits for a Class B digital device in accordance with the specifications in Part 15 of FCC rules. These specifications are designed to provide reasonable protection against such interference in a residential installation. However, there is no guarantee that interference will not occur in a particular installation.

You can determine whether your computer system is causing interference by turning it off. If the interference stops, it was probably caused by the computer or one of the peripheral devices.

If your computer system does cause interference to radio or television reception, try to correct the interference by using one or more of the following measures:

- Turn the television or radio antenna until the interference stops.
- Move the computer to one side or the other of the television or radio.
- Move the computer farther away from the television or radio.
- Plug the computer into an outlet that is on a different circuit from the television or radio. (That is, make certain the computer and the television or radio are on circuits controlled by different circuit breakers or fuses.)

If necessary, consult an Apple Authorized Service Provider or Apple. See the service and support information that came with your Apple product. Or, consult an experienced radio/television technician for additional suggestions.

Important: Changes or modifications to this product not authorized by Apple Inc. could void the EMC compliance and negate your authority to operate the product.

This product was tested for EMC compliance under conditions that included the use of Apple peripheral devices and Apple shielded cables and connectors between system components.

It is important that you use Apple peripheral devices and shielded cables and connectors between system components to reduce the possibility of causing interference to radios, television sets, and other electronic devices.

Battery Disposal Information
Dispose of batteries according to your local environmental laws and guidelines.

California: The coin cell battery in your remote contains perchlorates. Special handling and disposal may apply. Refer to www.dts.ca.gov/hazardouswaste/perchlorate.

Deutschland: Das Gerät enthält Batterien. Diese gehören nicht in den Hausmüll. Sie können verbrauchte Batterien beim Handel oder bei den Kommunen unentgeltlich abgeben. Um Kurzschlüsse zu vermeiden, kleben Sie die Pole der Batterien vorsorglich mit einem Klebestreifen ab.

Nederlands: Gebruikte batterijen kunnen worden ingeleverd bij de chemokar of in een speciale batterijcontainer voor klein chemisch afval (kca) worden gedeponeerd.

Taiwan:

廢電池請回收

European Union—Disposal Information:
The symbol above means that according to local laws and regulations your product should be disposed of separately from household waste. When this product reaches its end of life, take it to a collection point designated by local authorities. Some collection points accept products for free. The separate collection and recycling of your product at the time of disposal will help conserve natural resources and ensure that it is recycled in a manner that protects human health and the environment.

Union Européenne—informations sur l'élimination
Le symbole ci-dessus signifie que vous devez vous débarasser de votre produit sans le mélanger avec les ordures ménagères, selon les normes et la législation de votre pays. Lorsque ce produit n'est plus utilisable, portez-le dans un centre de traitement des déchets agréé par les autorités locales. Certains centres acceptent les produits gratuitement. Le traitement et le recyclage séparé de votre produit lors de son élimination aideront à préserver les ressources naturelles et à protéger l'environnement et la santé des êtres humains.

Europäische Union—Informationen zur Entsorgung
Das Symbol oben bedeutet, dass dieses Produkt entsprechend den geltenden gesetzlichen Vorschriften und getrennt vom Hausmüll entsorgt werden muss. Geben Sie dieses Produkt zur Entsorgung bei einer offiziellen Sammelstelle ab. Bei einigen Sammelstellen können Produkte zur Entsorgung unentgeltlich abgegeben werden. Durch das separate Sammeln und Recycling werden die natürlichen Ressourcen geschont und es ist sichergestellt, dass beim Recycling des Produkts alle Bestimmungen zum Schutz von Gesundheit und Umwelt beachtet werden.

Unione Europea—informazioni per l'eliminazione
Questo simbolo significa che, in base alle leggi e alle norme locali, il prodotto dovrebbe essere eliminato separatamente dai rifiuti casalinghi. Quando il prodotto diventa inutilizzabile, portarlo nel punto di raccolta stabilito dalle autorità locali. Alcuni punti di raccolta accettano i prodotti gratuitamente. La raccolta separata e il riciclaggio del prodotto al momento dell'eliminazione aiutano a conservare le risorse naturali e assicurano che venga riciclato in maniera tale da salvaguardare la salute umana e l'ambiente.

Europeiska unionen—uttjänta produkter
Symbolen ovan betyder att produkten enligt lokala lagar och bestämmelser inte får kastas tillsammans med hushållsavfallet. När produkten har tjänat ut måste den tas till en återvinningsstation som utsetts av lokala myndigheter. Vissa återvinningsstationer tar kostnadsfritt hand om uttjänta produkter. Genom att låta den uttjänta produkten tas om hand för återvinning hjälper du till att spara naturresurser och skydda hälsa och miljö.

Apple One (1) Year Limited Warranty

FOR CONSUMERS, WHO ARE COVERED BY CONSUMER PROTECTION LAWS OR REGULATIONS IN THEIR COUNTRY OF PURCHASE OR, IF DIFFERENT, THEIR COUNTRY OF RESIDENCE, THE BENEFITS CONFERRED BY THIS WARRANTY ARE IN ADDITION TO ALL RIGHTS AND REMEDIES CONVEYED BY SUCH CONSUMER PROTECTION LAWS AND REGULATIONS. THIS WARRANTY DOES NOT EXCLUDE, LIMIT OR SUSPEND ANY RIGHTS OF CONSUMERS ARISING OUT OF NONCONFORMITY WITH A SALES CONTRACT. SOME COUNTRIES, STATES AND PROVINCES DO NOT ALLOW THE EXCLUSION OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES OR ALLOW LIMITATIONS ON HOW LONG AN IMPLIED WARRANTY OR CONDITION MAY LAST, SO THE LIMITATIONS OR EXCLUSIONS DESCRIBED BELOW MAY NOT APPLY TO YOU. THIS WARRANTY GIVES YOU SPECIFIC LEGAL RIGHTS, AND YOU MAY ALSO HAVE OTHER RIGHTS THAT VARY BY COUNTRY, STATE OR PROVINCE. THIS LIMITED WARRANTY IS GOVERNED BY AND CONSTRUED UNDER THE LAWS OF THE COUNTRY IN WHICH THE PRODUCT PURCHASE TOOK PLACE. APPLE, THE WARRANTOR UNDER THIS LIMITED WARRANTY, IS IDENTIFIED AT THE END OF THIS DOCUMENT ACCORDING TO THE COUNTRY OR REGION IN WHICH THE PRODUCT PURCHASE TOOK PLACE.

Apple's warranty obligations for this hardware product are limited to the terms set forth below:

Apple, as defined below, warrants this hardware product against defects in materials and workmanship under normal use for a period of ONE (1) YEAR from the date of retail purchase by the original end-user purchaser ("Warranty Period"). If a hardware defect arises and a valid claim is received by Apple within the Warranty Period, at its option and to the extent permitted by law, Apple will either (1) repair the product at no charge, using new parts or parts equivalent to new in performance and reliability, (2) exchange the product with a product that is new or equivalent to new in performance and reliability and is at least functionally equivalent to the original product, or (3) refund the purchase price of the product. Apple may request that you replace defective parts with new or refurbished user-installable parts that Apple provides in fulfillment of its warranty obligation. A replacement product or part, including a user-installable part that has been installed in accordance with instructions provided by Apple, assumes the remaining warranty of the original product or ninety (90) days from the date of replacement or repair, whichever provides longer coverage for you. When a product or part is exchanged, any replacement item becomes your property and the replaced item becomes Apple's property. Parts provided by Apple in fulfillment of its warranty obligation must be used in products for which warranty service is claimed. When a refund is given, the product for which the refund is provided must be returned to Apple and becomes Apple's property.

If a defect arises and a valid claim is received by Apple after the first one hundred and eighty (180) days of the Warranty Period, a shipping and handling charge may apply to any repair or exchange of the product undertaken by Apple.

EXCLUSIONS AND LIMITATIONS

This Limited Warranty applies only to the hardware product manufactured by or for Apple that can be identified by the "Apple" trademark, trade name, or logo annexed to it. The Limited Warranty does not apply to any non-Apple hardware product or any software, even if packaged or sold with the Apple hardware. Manufacturers, suppliers, or publishers, other than Apple, may provide their own warranties to the end user purchaser, but Apple, in so far as permitted by law, provides their products "as is". Software distributed by Apple with or without the Apple brand name (including, but not limited to system software) is not

covered under this Limited Warranty. Refer to the licensing agreement accompanying the software for details of your rights with respect to its use. Apple does not warrant that the operation of the product will be uninterrupted or error-free. Apple is not responsible for damage arising from failure to follow instructions relating to the product's use.

This warranty does not apply: (a) to consumable parts, such as batteries, unless damage has occurred due to a defect in materials and workmanship; (b) to cosmetic damage, including but not limited to scratches, dents, and broken plastic on ports; (c) to damage caused by use with non-Apple products; (d) to damage caused by accident, abuse, misuse, flood, fire, earthquake or other external causes; (e) to damage caused by operating the product outside the permitted or intended uses described by Apple; (f) to damage caused by service (including upgrades and expansions) performed by anyone who is not a representative of Apple or an Apple Authorized Service Provider ("AASP"); (g) to a product or part that has been modified to alter functionality or capability without the written permission of Apple; or (h) if any Apple serial number has been removed or defaced.

Important: Do not open the hardware product. Opening the hardware product may cause damage that is not covered by this warranty. Only Apple or an authorized service provider should perform service on this hardware product.

TO THE EXTENT PERMITTED BY LAW, THIS WARRANTY AND THE REMEDIES SET FORTH ABOVE ARE EXCLUSIVE AND IN LIEU OF ALL OTHER WARRANTIES, REMEDIES AND CONDITIONS, WHETHER ORAL OR WRITTEN, STATUTORY, EXPRESS OR IMPLIED. AS PERMITTED BY APPLICABLE LAW, APPLE SPECIFICALLY DISCLAIMS ANY AND ALL STATUTORY OR IMPLIED WARRANTIES, INCLUDING, WITHOUT LIMITATION, WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE AND WARRANTIES AGAINST HIDDEN OR LATENT DEFECTS. IF APPLE CANNOT LAWFULLY DISCLAIM STATUTORY OR IMPLIED WARRANTIES THEN TO THE EXTENT PERMITTED BY LAW, ALL SUCH WARRANTIES SHALL BE LIMITED IN DURATION TO THE DURATION OF THE EXPRESS WARRANTY AND TO THE REPAIR OR REPLACEMENT SERVICE AS DETERMINED BY APPLE IN ITS SOLE DISCRETION. No Apple reseller, agent, or employee is authorized to make any modification, extension, or addition to this warranty. If any term is held to be illegal or unenforceable, the legality or enforceability of the remaining terms shall not be affected or impaired.

EXCEPT AS PROVIDED IN THIS WARRANTY AND TO THE MAXIMUM EXTENT PERMITTED BY LAW, APPLE IS NOT RESPONSIBLE FOR DIRECT, SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES RESULTING FROM ANY BREACH OF WARRANTY OR CONDITION, OR UNDER ANY OTHER LEGAL THEORY, INCLUDING BUT NOT LIMITED TO LOSS OF USE; LOSS OF REVENUE; LOSS OF ACTUAL OR ANTICIPATED PROFITS (INCLUDING LOSS OF PROFITS ON CONTRACTS); LOSS OF THE USE OF MONEY; LOSS OF ANTICIPATED SAVINGS; LOSS OF BUSINESS; LOSS OF OPPORTUNITY; LOSS OF GOODWILL; LOSS OF REPUTATION; LOSS OF, DAMAGE TO OR CORRUPTION OF DATA; OR ANY INDIRECT OR CONSEQUENTIAL LOSS OR DAMAGE HOWSOEVER CAUSED INCLUDING THE REPLACEMENT OF EQUIPMENT AND PROPERTY, ANY COSTS OF RECOVERING, PROGRAMMING OR REPRODUCING ANY PROGRAM OR DATA STORED IN OR USED WITH THE APPLE PRODUCT, AND ANY FAILURE TO MAINTAIN THE CONFIDENTIALITY OF DATA STORED ON THE PRODUCT. THE FOREGOING LIMITATION SHALL NOT APPLY TO DEATH OR PERSONAL INJURY CLAIMS, OR ANY STATUTORY LIABILITY FOR INTENTIONAL AND GROSS NEGLIGENT ACTS AND/OR OMISSIONS. APPLE DISCLAIMS ANY REPRESENTATION THAT IT WILL BE ABLE TO REPAIR ANY PRODUCT UNDER THIS WARRANTY OR MAKE A PRODUCT EXCHANGE WITHOUT RISK TO OR LOSS OF PROGRAMS OR DATA.

OBTAINING WARRANTY SERVICE

Please access and review the online help resources referred to in the documentation accompanying this hardware product before seeking warranty service. If the product is still not functioning properly after making use of these resources, access the online website: www.apple.com/support for instructions on how to obtain warranty service. You must follow Apple's warranty processes. Apple may provide warranty service (i) at an Apple owned retail store ("Apple Retail") or AASP location, where service is performed at the location, or the Apple Retail or AASP may send the product to an Apple repair service location for service, (ii) by sending you prepaid way bills (and if you no longer have the original packaging, Apple may send you packaging material) to enable you to ship the product to Apple's repair service location for service, or (iii) by sending you new or refurbished customer-installable replacement product or parts to enable you to service or exchange your own product ("DIY Service"). Upon receipt of the replacement product or part, the original product or part becomes the property of Apple and you agree to follow instructions, including, if required, arranging the return of original product or part to Apple in a timely manner. When providing DIY Service requiring the return of the original product or part, Apple may require a credit card authorization as security for the retail price of the replacement product or part and applicable shipping costs. If you follow instructions, Apple will cancel the credit card authorization, so you will not be charged for the product or part and shipping costs. If you fail to return the replaced product or part as instructed, Apple will charge the credit card for the authorized amount. Service options, parts availability and response times may vary according to the country in which service is requested. Service options are subject to change at any time. You may be responsible for shipping and handling charges if the product cannot be serviced in the country in which service is requested. If you seek service in a country that is not the country of purchase, you will comply with all applicable export laws and regulations and be responsible for all custom duties, V.A.T. and other associated taxes and charges. For international service, Apple may repair or exchange defective products and parts with comparable products and parts that comply with local standards. In accordance with applicable law, Apple may require that you furnish proof of purchase details and/or comply with registration requirements before receiving warranty service. Please refer to the accompanying documentation for more details on this and other matters on obtaining warranty service.

Apple will maintain and use customer information in accordance with the Apple Customer Privacy Policy accessible at www.apple.com/legal/privacy.

If your product is capable of storing software programs, data and other information, you should make periodic backup copies of the information contained on the product's hard drive or other storage media to protect the contents and as a precaution against possible operational failures. Before you deliver your product for warranty service it is your responsibility to keep a separate backup copy of the contents, and disable any security passwords. IT IS POSSIBLE THAT THE CONTENTS OF YOUR HARD DRIVE WILL BE LOST OR REFORMATTED IN THE COURSE OF WARRANTY SERVICE, AND APPLE AND ITS AGENTS ARE NOT RESPONSIBLE FOR ANY DAMAGE TO OR LOSS OF PROGRAMS, DATA OR OTHER INFORMATION CONTAINED ON THE MEDIA OR ANY PART OF THE PRODUCT SERVICED. Your product will be returned to you configured as originally purchased, subject to applicable updates. You will be responsible for reinstalling all other software programs, data and passwords. Recovery and reinstallation of software programs and user data are not covered under this Limited Warranty.
